

HANNA IS CHOSEN AS THE CHAIRMAN

And J. H. Manley Secretary, of the National Committee.

A FULL REPORT OF THE CONVENTION'S WORK.

Garrett A. Hobart, of New Jersey, is the Candidate for Second Place—Wild Excitement Greets Announcement of the Vote for McKinley—Only One Ballot Was Required, and the Nomination Afterward Made Unanimous.

committee to succeed Chairman Carter. Joseph H. Manley, who managed Reed's campaign, is the secretary, St. Louis, Mo., June 19.—McKinley was nominated. Everybody expected it, yet his friends cheered for more than half an hour. The nomination of Garrett A. Hobart of New Jersey as the candidate for vice-president was made according to the wishes of the McKinley manager. The silver men who bolted are already preparing to unite with the silver democrats, populists and silver republicans. They will put forth Senator Henry M. Teller of Colorado as the candidate of the allied silver forces.

Immediately after the adoption of the platform Mr. Thurston arose and said: "The regular order of business is the roll call of states for the presentation of candidates for nomination."

The secretary proceeded to call the roll of states. There was no response until Iowa was reached, when Mr. Henderson said: "Mr. Chairman, Mr. John N. Baldwin of Council Bluffs will speak for Iowa."

Mr. Baldwin was greeted with applause and in an eloquent speech placed in nomination William B. Allison of Iowa. Kansas, Kentucky and Louisiana were called. No one responded. Upon the call of Maine, Henry Cabot Lodge, of Massachusetts took the stand and urged the claims of Thomas Brackett Reed to be standard bearer of the republican party. Conventional applause only greeted the name of the candidate

The clerk proceeded with the call of the roll until the state of New York was reached, when William A. Sutherland of that delegation arose. He said: "The claims of the state of New York and her favorite son will be presented by her other favorite son—that citizen of all the states of the union—Chauncey M. Depew."

their feet and the thousands in the galleries went frantic with enthusiasm. Gov. Bushnell, standing on a chair, signaled and shouted for order, but he could not make himself heard, and Senator Foraker was pushed forward to the platform. The appearance of the popular and magnetic Foraker on the stand was the signal for another outburst, which subsided as he motioned for order.

Mr. Foraker in a magnificent speech eulogized the candidate of his state, William McKinley. The mention of his name once more caused the convention to become a howling pandemonium, and the utmost efforts of Chairman Thurston to check the enthusiasm were unavailing. At 3:30 the awful uproar having then lasted some twelve minutes, the chairman made another futile attempt to check it with his gavel, but it was of no use and he gave it up. Twenty-five minutes of anarchy tired out even the most enthusiastic McKinleyite, and with tired limbs and strained lungs the delegates and outsiders relapsed into their seats and permitted the convention to go ahead with its work.

At length, at 3:46 p. m., Mr. Foraker resumed his speech. At the conclusion of Mr. Foraker's remarks Chairman Hepburn recognized Senator Thurston, who was greeted with applause and seconded the nomination of McKinley.

When Pennsylvania was called Gov. Hastings arose, was cheered, and addressed the convention, placing in nomination the choice of the people of Pennsylvania for the highest office in the gift of the American people, William Stanley Quay.

The first ballot was then taken. It was seen from the start of the voting that McKinley was the overwhelming choice of the convention. When the vote was completed the chairman said: "The chair is prepared to announce the vote upon the roll call. The following votes have been cast: For William McKinley, 661 1/2."

The announcement of the McKinley vote precipitated a great outbreak of cheers and yells and the usual concomitant of such a tumult as a presidential convention, with flags and plumes, diversified with handkerchiefs, umbrellas, and everything which could be set in motion in the hands of the howling thousands. The band broke out with "America," but had very little chance against the screeching of the crowd.

At 5:45, while a salute of the 100 guns from a piece of artillery outside the convention was still out-thundering the yells of the crowd, Chairman Thurston, by a determined effort of voice and gavel, brought the convention to order, and announced the remainder of the ballot, as follows: Morton, 58; Allison, 35 1/2; Reed, 8 1/2; Quay, 6 1/2; Cameron, 1; blank, 4.

After making the announcement Chairman Thurston said: "In accordance with a statement of the chair four gentlemen will be recognized in the order of the votes for the candidates they represent. I recognize the gentleman from Massachusetts, Mr. Lodge."

Mr. Lodge changed the vote of Massachusetts to McKinley, and moved that the nomination be made unanimous. Gov. Hastings of Pennsylvania seconded the motion.

At the conclusion of Gov. Hastings' remarks the chair recognized Chauncey Depew of New York, who also moved to make the vote unanimous.

At this point Mr. Platt arose and was recognized by the chair. He spoke as follows: "In behalf of the delegation from the state of New York I

desire to second the motion to make the nomination of William McKinley unanimous and I pledge the state of New York to give its usual if not double its usual majority at the election for his success."

Mr. Henderson of Iowa—"Mr. Chairman and brother republicans: By the authority of our distinguished Iowa son, Senator Allison, by the instructions of the Iowa delegation, representing the great loyal republican party of the state, I second the nomination to make Major McKinley the unanimous choice of the republican party of the United States."

In response to urgent calls of "Hanna, Hanna," M. A. Hanna arose and addressed the convention. The convention here called for Quay, but were informed by the chairman that he was not present.

The Chairman—"The question now is, shall the nomination of William McKinley be made unanimous? All of you who are in favor of making the

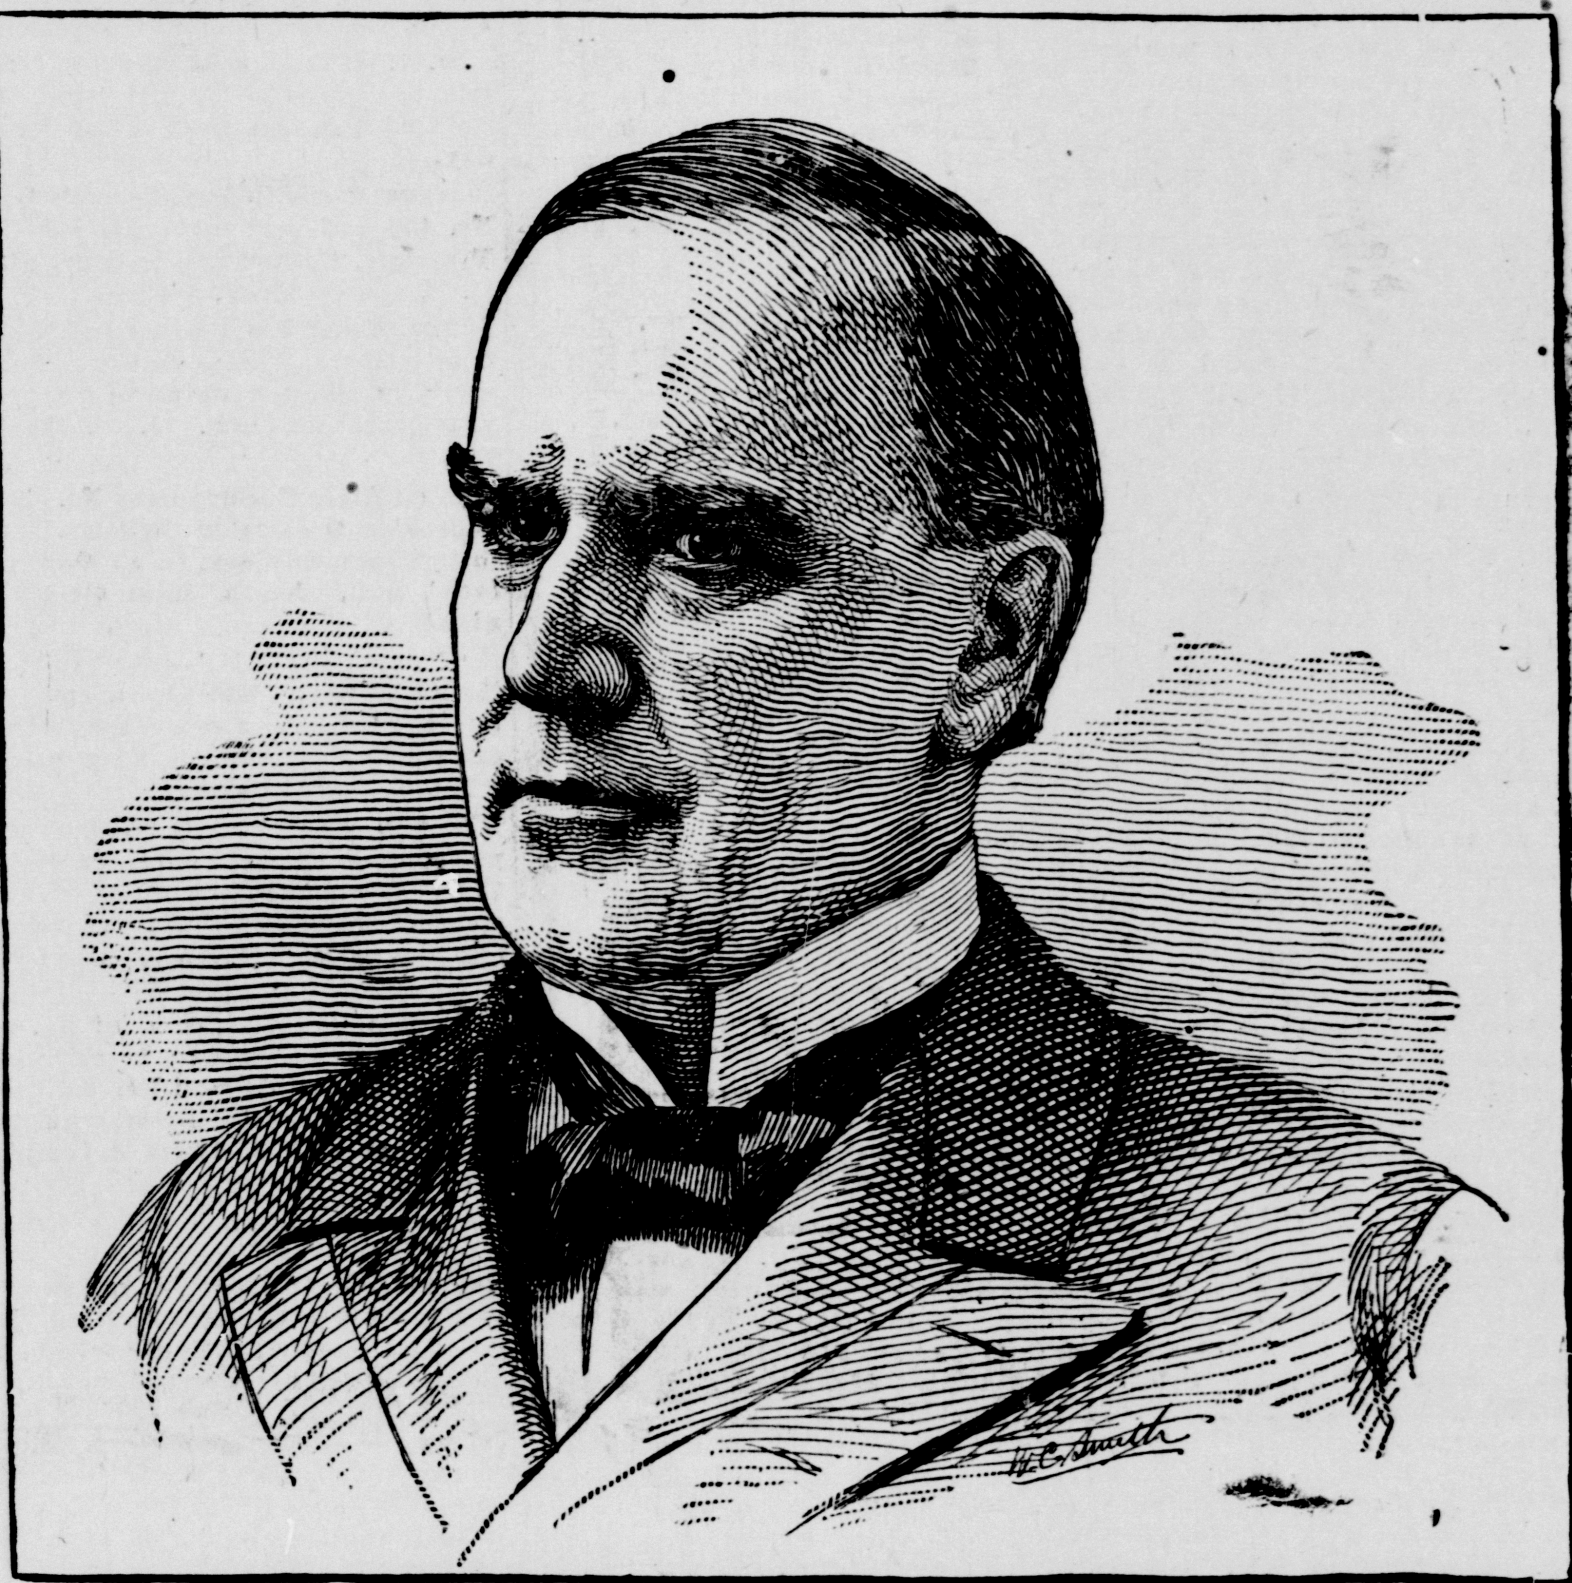

majority report which treats of the subjects of coinage and finance, respectfully submit the following paragraph as a substitute therefor:

"The republican party favors the use of both gold and silver as equal standard money, and pledges its power to secure the free, unrestricted and independent coinage of gold and silver at United States mints at the ratio of 16 parts of silver to 1 of gold."

Senator Teller, as he made his final protest to the republican party against the adoption of a gold-standard policy, was evidently deeply aroused by the emotions that stirred him and his gestures at times were almost fierce. But his general tone was one of sadness and regret. As he realized the step he was about to take he drew himself together for a final appeal, and declared with an earnestness that impressed all who heard him, that in his opinion the morality, the religion and the salvation of the country were at stake.

our powerful competitor in commerce and trade—will ever agree to open her mints to the coinage of silver? Or that we shall open ours? We are the great debtor nation of the world. We pay her every year millions and hundreds of millions of dollars as income on her investments in this country on her loans. The gold standard, in my judgment, lowers prices and decreases values. And she buys of us millions and millions more than she sells us. She buys upon a gold standard, a lowering and depreciating standard. How long do you think it will be before she will agree to a system of values that will raise the price of the farm product or the product of the mines of this country? It is a solemn declaration that the republican party intends to maintain low prices and stagnated business for all time to come.

"I do not believe this party of ours, if it could be polled, is in favor of the gold standard. I believe that 50 per

nomination of William McKinley unanimous will rise."

The convention rose to its feet as one man amid a tumult of applause.

The Chairman—"By authority of your unanimous vote as chairman of this convention I declare that William McKinley of the state of Ohio is the nominee of the republican party for president of the United States." (Applause.)

The chairman announced that the next order of business would be call of the roll of states for the nomination of vice-president, and directed the secretary to begin the calling of the roll. The secretary proceeded, and when he reached Connecticut Mr. Samuel Fessenden was introduced and nominated William G. Bulkeley for vice-president. When New Jersey was reached Franklin Fort nominated Garrett A. Hobart.

J. Otis Humphrey of Illinois seconded the nomination. Mr. Allen of Rhode Island nominated Charles Warren Lippett. Mr. Randolph of Tennessee named Henry Clay Evans for the office. Mr. LaFollette of Wisconsin seconded the nomination of Mr. Evans. Mr. Bailey of Virginia nominated James A. Walker of Virginia. The roll was then called and the result announced as follows: Hobart, 53 1/2; Evans, 280 1/2; Bulkeley, 39; Walker, 24; Lippett, 8; Grant, 2; Depew, 3; Morton, 1; Thurston, 2. The nomination of Mr. Hobart was made unanimous.

All the officers were thanked for faithful performance of duty, and the people of St. Louis for fulfilling every promise relating to the convention. The president then declared the convention adjourned sine die.

WILL NOT HAVE GOLD.

Senator Teller and Other Silverites Leave the Convention.

St. Louis, Mo., June 19.—The third day's session of the republican national convention was called to order by Chairman Thurston at 10:30 o'clock Thursday.

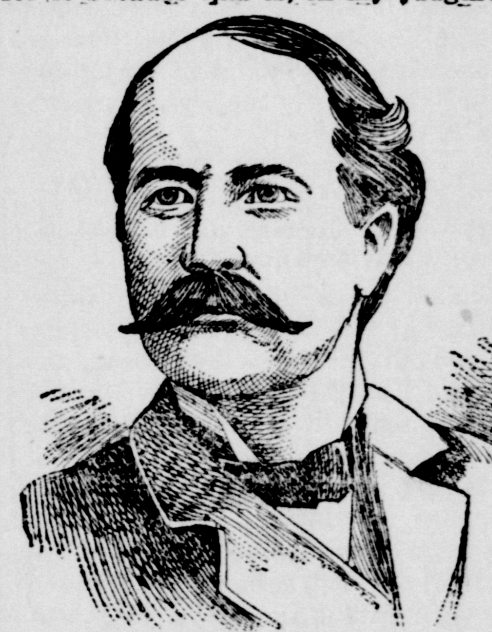

At 10:36 Foraker ascended the stage and read the platform.

The audience and delegates followed the reading with intense interest. After the reading the chairman announced that he would recognize, to move a substitute for the majority report, the gentleman from Colorado, Mr. Teller. Then the clerk proceeded to read the substitute platform as follows:

"We, the undersigned members of the committee on resolutions, being unable to agree with that portion of

Senator Teller's remarks in part were as follows:

"Gentlemen of the Convention—I represent a state that produces silver, but I want to say to you here and now that my advocacy is not in the slightest degree influenced by that fact. I contend for it because I believe that there can be no sound financial system in any country in the world that does not recognize this principle. I contend for it because since 1873, when it was ruthlessly stricken from our statutes, there has been a continued depreciation of all products of human labor and human energy. I contend for it because in this year of 1896 the American people are in greater distress than they ever were in their history. I contend for it because this is, in my judgment,

GARRETT A. HOBART.

the great weight, the great incubus that has weighed down enterprises and destroyed prices in this favored land of ours. I contend for it because I believe the progress of my country is dependent on it. I contend for it because I believe the civilization of the world is to be determined by the right or the wrongful solution of this financial question.

"The platform contains some platitudes about international conferences. It provides that we will maintain the gold standard in this country until the principal nations of the world shall agree that we may do otherwise. This is the first gathering of republicans since this party was organized that has declared the inability of the American people to control their own affairs."

"Gentlemen of the convention, you will have no bimetallic agreement with all the great commercial nations of the world and it can not be obtained. Do you believe that Great Britain—that great commercial nation of the world,

cent of the people are in favor of bimetalism of the old-fashioned system that existed in this country up to 1873. I say to you now that with the solemn conviction upon me that this gold plank means ultimate disaster and distress to my followers, I cannot subscribe to it, and, if adopted, I must, as an honest man, sever my connection with the political organization which makes this one of the main articles of its principles."

At the close of Mr. Teller's speech the applause, especially from the silver states, was tremendous. Intermingled with cheers and applause of the silver delegates there began to be heard the roar, which finally became recognizable as the cry "Foraker." Mr. Foraker moved that the motion to substitute be laid on the table. The vote resulted, yeas, 818 1/2; nays, 105 1/2. Senator Dubois asked for a separate vote upon the financial plank which was taken. It resulted as follows:

HERE'S THE TEXT OF THE PLATFORM

The Principles of the Republican Party Declared at St. Louis.

GOLD, PROTECTION, PATRIOTISM AND PROSPERITY.

Preserving of American Industries Is One of the Chief Features—Declares Against Changing the Present Gold Standard—Demands Reciprocity, Liberal Pensions, Vigorous Foreign Policy, Enforcement of the Monroe Doctrine, and Cuban Liberty

St. Louis, Mo., June 19.—Following is the full text of the platform adopted by the national republican convention:

The republicans of the United States, assembled by their representatives in national convention, appealing for the popular and historical justification of their claims to the matchless achievements of thirty years of republican rule, earnestly and confidently address themselves to the awakened intelligence, experience and conscience of their countrymen in the following declaration of facts and principles:

The Democratic Administration.

For the first time since the civil war the American people have witnessed the calamitous consequences of full and unrestricted democratic control of the government. It has been a record of unparalleled incapacity, dishonor, and disaster. In administrative management it has ruthlessly sacrificed indispensable revenue, entailed an unceasing deficit, eked out ordinary current expenses with borrowed money, piled up the public debt by \$262,000,000 in time of peace, forced an adverse balance of trade, kept a perpetual menace hanging over the redemption fund, pawned American credit to alien syndicates, and reversed all the measures and results of successful republican rule. In the broad effect of its policy it has precipitated panic, blighted industry and trade with prolonged depression, closed factories, reduced work and wages, halted enterprise, and crippled American production while stimulating foreign production for the American market.

Every consideration of public safety and individual interest demands that the government shall be rescued from the hands of those who have shown themselves incapable to conduct it without disaster at home and dishonor abroad, and shall be restored to the party which for thirty years administered it with unequalled success and prosperity.

The Protective Tariff.

We renew and emphasize our allegiance to the policy of protection as the bulwark of American industrial independence and the foundation of American development and prosperity. This true American policy taxes foreign products and encourages home industry; it puts the burden of revenue on foreign goods; it secures the American market for the American producer; it upholds the American standard of wages for the American workingman; it puts the factory by the side of the farm and makes the American farmer less dependent on foreign demand and price; it diffuses general thrift, and founds the strength of all on the strength of each. In its reasonable application it is just, fair and impartial, equally opposed to foreign control and domestic monopoly, to sectional discrimination and individual favoritism.

We denounce the present democratic tariff as sectional, injurious to the public credit, and destructive to business enterprise. We demand such an equitable tariff on foreign imports which come into competition with American products as will not only furnish adequate revenue for the necessary expenses of the government, but will protect American labor from degradation to the wage level of other lands.

We are not pledged to any particular schedules. The question of rates is a practical question, to be governed by the conditions of the time and of production; the ruling and uncompromising principle is the protection and development of American labor and industry. The country demands a right settlement and then it wants rest.

Reciprocity and Trade.

We believe the repeal of the reciprocity arrangements negotiated by the last republican administration was a national calamity, and we demand their renewal and extension on such terms as will equalize our trade with other nations, remove the restrictions which now obstruct the sale of American products in the ports of other countries, and secure enlarged markets for the products of our farms, forests and factories.

Protection and reciprocity are twin measures of republican policy and go hand in hand. Democratic rule has recklessly struck down both and both must be re-established. Protection for what we produce; free admission for the necessities of life which we do not produce; reciprocal agreements of mutual interests which gain open markets for us in return for our open market to others. Protection builds up domestic industry and trade and secures our own market for ourselves; reciprocity builds up foreign trade and finds an outlet for our surplus.

Sugar, Wool, Woollens Etc.

We condemn the present administration for not keeping faith with the sugar producers of this country. The republican party favors such protection as will lead to the production of American soil of all the sugar which the American people use, and for which they pay other countries more than

### MILITIAMEN ARE DISCIPLINED.

One Man Dishonorably Discharged, and Two Fined Last Night.

Since Captain Hanson has taken command of the Light Infantry, strict attention to business has been the rule, and an order was issued some time ago to the effect that those slighting their work would soon hear "something drop." At the meeting last evening, one young man received a dishonorable discharge, while two were fined one dollar each. If the fine is not paid within ten days, they will be discharged. It is the wish of Captain Hanson and his officers to make the Light Infantry a success in every sense of the word, and they propose to enforce all rules for the good of the company.

## BALLOTS COME IN AS THICK AS HAIL

### THE C. E. CONTEST IS GROWING WARM.

Several Candidates are in the Field, and All are Making an Excellent Showing—The Conditions Under Which the Canvassers are at Work.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month. Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote.

Cut out the coupon (trimming on the dotted lines.) Write in the name of your candidate, and send to Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 500 votes.

New subscriber paid in advance one year, 1,000 votes.

New subscriber to Weekly Gazette, paid for one year, \$1.50: four hundred votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

## WASHINGTON COUPON.

### ONE VOTE FOR

The person receiving the most votes between June 1 and July 1, will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

A good headline will sometimes prove an effective eye-catcher; but if it fails to catch the mind also it is useless. So is the best picture.

Home Seekers Excursions to the West South and North.

On June 9 and 23, the Chicago, Milwaukee & St. Paul railway will sell excursion tickets at half rates plus \$2 for the round trip to points on its own line in Iowa, Minnesota, Dakota and northern Wisconsin. Also to points on other railways both south and west.

SPECIAL prices on lawn mowers at Lowell's big cash store on the corner.

## TRAVELERS PREFERRED IS SOLID

All Reports to the Contrary are Entirely Unfounded.

The following letter to H. G. Olizbe, agent for the Travelers' Preferred Accident Association, of Chicago, is self-explanatory:

H. G. OLIZBE, Esq., JANESVILLE, WIS., DEAR SIR:—Replying to yours, in which you state that there are certain people in Janesville, the home of the former president of this company, and in the vicinity contiguous to Janesville, who are making malicious attacks against this company, among other things, stating that this company failed within the last two or three months, and that it don't and cannot pay its losses, we will reply as follows: We do and we want you to brand all such statements as base fabrications, malicious and false, and the parties making them, know them to be utterly untrue, and we want you to gather what evidence you can of these remarks having been made. By that I mean, evidence that can be used in a court of law, and as soon as you have obtained this evidence, we will proceed against these falsifiers with a case of black mail or libel.

This company was never in a better financial condition than it is today. It having paid, since the 1st day of May up to the present time, over \$12,000 for claims.

We would say to you that any one, that is friendly enough toward our company, and wishes an honest report in regard to its financial ability, can gain all the information they wish from the auditor of the state in which they live, or auditor of the state of Illinois, or of any of the mercantile agencies, represented in Chicago.

It is needless for us to say any more. If you cannot convince people with this letter, after they have investigated it, it is because they do not want good insurance. Yours truly, Travelers Preferred Accident Association. C. H. MARSHALL, Pres.

## TEACHERS TO GO TO BUFFALO

Janesville Teachers Will Attend the N. E. A. Meeting Next Month.

Janesville teachers are planning on attending the meeting of the National Educational Association at Madison on July 3-10, and the attendance from this state will probably be very large, as Milwaukee wants the meeting next year and all Wisconsin people will be with the Cream City in the effort. President Dougherty has chosen three of Wisconsin's prominent school men for the program at the Buffalo meeting. Pres. L. D. Harvey will speak at the general meeting. Pres. Albert Salisbury will speak before the Normal school section and Prof. Freeman will discuss Brander Mathews paper on literature.

The low rate (\$12 from Chicago and return over the different lines and \$13.50 by standard lines; \$2 must be added to either rate for membership in the Association) will make a very pleasant and inexpensive summer outing in a portion of the country filled with interest from a commercial, educational and scenic point of view. The committee has secured "Parlor A" Iroquois Hotel for headquarters. The circular sent out is signed by J. E. NeCollins, State Manager, Baraboo; Kate L. Sabin, Asst. State Manager, Windsor; D. D. Mayne, State Director, Janesville.

## LEAF TRADE QUIET IN THESE PARTS

### THE EASTERN ACTIVITY IS NOT YET FELT.

Trifle More Interest Taken in Filler the Leaf Says, and Some Samples are Being Examined by the Dealers—The Retail Trade is Fairly Good.

The increased activity in eastern markets has not influenced the local tobacco trade market as yet, unless, perhaps, there is a trifle more interest taken in filler grades, says The Janesville Leaf. Samples of these grades are being carefully scanned with a view of possible transfers. Local dealers are watching for better business in the near future.

In old goods, S. B. Heddles sold sixty cases of '92; George H. Rumrill sold several lots, and other transactions are on the string. Soverhill & Porter and G. H. Rumrill are buying in a quiet way. The retail trade is fairly good.

The transplanting season is nearly finished and the growing plants are making a most remarkable growth, some plants having leaves as large as a man's hand. The very satisfactory growth of the new crop and the increased activity in eastern markets lends some encouragement to growers to put forth the best efforts in the tobacco field.

## Other Tobacco Notes

S. B. Heddles, a prominent leaf dealer of Janesville, has assumed the business management of the Wisconsin Tobacco Leaf. Editor Willey will still have control of the pen and shears. The World hopes the double team may have a double share of success.—Philadelphia Tobacco World.

Merritt Haviland returned Saturday from a ten day's trip among the cigar manufacturers of Michigan.

Joseph Grundy started for St. Louis Monday and will interview the cigar manufacturers of that section.

L. Weil, of New York, who has been in the various markets of the state for the past two weeks, left for his home Wednesday. He purchased 103 cases '93 of Soverhill & Porter and the crops of E. Dillenbeck and Mr. Gagen.

Continued From Page 1.

\$100,000,000 annually. To all our products—to those of the mine and the field as well as to those of the shop and the factory—to hemp, to wool, the product of the great industry of sheep husbandry, as well as to the finished wools of the mill—we promise the most ample protection.

We favor restoring the early American policy of discriminating duties for the upbuilding of our merchant marine and the protection of our shipping in the foreign-carrying trade, so that American ships—the product of American labor, employed in American shipyards, sailing under the stars and stripes and manned, officered and owned by Americans—may regain the carrying of our foreign commerce.

#### The Money Plan.

The republican party is unreservedly for sound money. It caused the enactment of the law providing for the resumption of specie payments in 1873; since then every dollar has been as good as gold. We are unalterably opposed to every measure calculated to debase our currency or impair the credit of our country. We are therefore opposed to the free coinage of silver except by international agreement with the leading commercial nations of the world, which we pledge ourselves to promote, and until such agreement can be obtained the existing gold standard must be preserved. All our silver and paper currency must be maintained at parity with gold, and we favor all measures designed to maintain inviolably the obligations of the United States and all our money, whether coin or paper, at the present standard, the standard of the most enlightened nations of the earth.

#### The Pension Plan.

The veterans of the union army deserve and should receive fair treatment and generous recognition. Whenever practicable they should be given preference in the matter of employment, and they are entitled to the enactment of such laws as are best calculated to secure the fulfillment of the pledges made to them in the dark days of the country's peril.

We denounce the practice in the pension bureau, so recklessly and unjustly carried on by the present administration, of reducing pensions and arbitrarily dropping names from the rolls, as deserving the severest condemnation of the American people.

#### The Foreign Policy.

Our foreign policy should be at all times firm, vigorous and dignified, and all our interests in the western hemisphere carefully watched and guarded. The Hawaiian islands should be controlled by the United States, and no foreign power should be permitted to interfere with them.

The Nicaraguan canal should be built, owned and operated by the United States, and by the purchase of the Danish islands we should secure a proper and much-needed naval station in the West Indies.

The massacres in Armenia have aroused the deep sympathy and just indignation of the American people, and we believe that the United States should exercise all the influence it can properly exert to bring these atrocities to an end. In Turkey American residents have been exposed to the gravest dangers and American property destroyed. There and everywhere American citizens and American property must be absolutely protected at all hazards and at any cost.

#### The Monroe Doctrine.

We reassert the Monroe doctrine in its full extent and we reaffirm the right of the United States to give the doctrine effect by responding to the appeals of any American state for friendly intervention in case of European encroachment. We have not interfered and shall not interfere with the existing possessions of any European power in this hemisphere, but those possessions must not on any pretext be extended. We hope to look forward to the eventual withdrawal of the European powers from this hemisphere, and to the ultimate union of all the English-speaking part of the continent by the free consent of its inhabitants.

#### Would Fight for Cuba.

From the hour of achieving their own independence the people of the United States have regarded with sympathy the struggles of other American peoples to free themselves from European domination. We watch with deep and abiding interest the heroic battle of the Cuban patriots against cruelty and oppression, and our best hopes go out for the full success of their determined contest for liberty. The government of Spain having lost control of Cuba, and being unable to protect the property or lives of resident American citizens or to comply with its treaty obligations, we believe that the government of the United States should actively use its influence and good offices to restore peace and give independence to the island.

#### Miscellaneous Expressions.

The Navy—The peace and security of the republic, and the maintenance of its rightful influence among the nations of the earth demand a naval power commensurate with its position and responsibility. We, therefore, favor the continued enlargement of the navy and a complete system of harbor and seacoast defenses.

Foreign Immigration—For the protection of the quality of our American citizenship and of the wages of our workmen against the fatal competition of low-priced labor, we demand that the immigration laws be thoroughly enforced and so extended as to exclude from entrance to the United States those who can neither read nor write.

Civil Service—The civil-service law was placed on the statute book by the republican party, which has always sustained it, and we renew our repeated declarations that it shall be thoroughly and honestly enforced and extended wherever practicable.

Free Ballot—We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot, and that such ballot shall be counted and returned as cast.

Lynchings—We proclaim our unqualified condemnation of the uncivilized and barbarous practice well known as lynching, or killing of human beings suspected or charged with crime without process of law.

National Arbitration—We favor the creation of a national board of arbitration to settle and adjust differences which may arise between employers and employed engaged in interstate commerce.

Homesteads—We believe in an immediate return to the free homestead policy of the republican party and urge

the passage of the bill for the free homestead measure which has already passed the house and is now pending in the senate.

Territories—We favor the admission of the remaining territories at the earliest practicable date, having due regard to the interests of the people of the territories and of the United States. All the federal officers appointed for the territories should be elected from bona fide residents thereof, and the right of self-government should be accorded as far as practicable.

Alaska—We believe the citizens of Alaska should have representation in the congress of the United States, to the end that needful legislation may be intelligently enacted.

Temperance—We sympathize with all wise and legitimate efforts to lessen and prevent the evils of intemperance and promote morality.

Rights of Women—The republican party is mindful of the rights and interests of women. Protection of American industries includes equal opportunities, equal pay for equal work, and protection to the home. We favor the admission of women to wider spheres of usefulness and welcome their cooperation in rescuing the country from democratic and populist mismanagement and misrule.

Conclusion—Such are the principles and policies of the republican party. By these principles we will abide and these policies we will put into execution. We ask for them the considerate judgment of the American people. Confident alike in the history of our great party and in the justice of our cause, we present our platform and our candidates in the full assurance that the election will bring victory to the republican party and prosperity to the people of the United States.

## M. L. RICHARDSON CALLED BY DEATH

### VETERAN TEACHER ANSWERS THE FINAL SUMMONS.

His Demise Occurred at His Home on St. Mary's Avenue This Morning, and Was the Result of a Stroke of Paralysis—Sketch of His Life and Work.

M. L. Richardson died at his home this morning, as the result of a stroke of paralysis sustained some days ago. Yesterday he seemed to be better, and was apparently able to recognize the people at his bedside, but soon became unconscious again, and passed peacefully away at 10:30 o'clock.

Malichi Langdon Richardson dated his residence in this county from December 12, 1855. He was a native of the Green Mountain state, and was

M. L. Richardson.

born in the town of Sutton, Caledonia county, on April 20, 1828. His paternal grandfather, Bradbury M. Richardson, removed from Moultonboro, N. H., to Vermont, in an early day. In this state, Jonathan Richardson, father of Malichi, was born. Malichi was the eldest child. His chief occupation in his early life, was farm work at the paternal homestead, but he secured an education at the Lyndon Academy, and at the age of eighteen years, began work as a teacher.

#### Taught School for Years

Until 1880, teaching was his occupation, he having taught thirty-two terms of school, twenty-nine of which were winter terms. This work, in Wisconsin, had been chiefly done in Rock and Green counties.

Mr. Richardson was married in Caledonia county, Vt., to Miss Juliet C. Dow, a native of that county, who survives him. Their only child, Lillie, died in infancy. Since his retirement from active work, he has resided in his cozy home on St. Mary's avenue, and has devoted his time to the culture of tobacco.

Mr. Richardson has long been one of the prominent educators of the county and has always been active in the promotion of the work. For some time he served as a member of the board of education, and has held the office of president of that body. His years of service as a teacher, fitted him especially for the office of school commissioner, and he was an efficient and zealous member of the board. Personally Mr. Richardson was honored and respected by all who knew him, and was one of the well known and highly esteemed citizens of the county.

Mr. Richardson was a member of the Blue lodge of Masons, and also of All Souls' church.

Beside a wife, he leaves a foster son, J. F. Willey, who has lived with them since 1868.

The funeral will be held from the home, 381 St. Mary's avenue, at 1 o'clock Sunday. Rev. V. E. Southworth will officiate, and the Masons will be in charge.

#### Daniel Strunk.

The Riverside, California, Reflex, gives these facts regarding the death of Daniel Strunk.

"Daniel Strunk, late of the Strunk Lumber Company of Mankato, Minn., died at Riverside, June 9, 1896, after a long illness of consumption, aged sixty-one years. Mr. Strunk came to Riverside nearly six years ago, retaining his business interests in Minnesota while he improved a fine ranch in Minnesota. He came here for benefit to his health, and for several years seemed in a fair way to fully recover. About a year ago he built a fine home on Tenth street, but before he got into it his health began to fail again, and with but little variation he continued to grow worse until the end.

"Mr. Strunk was a quiet, retiring man, and was not very widely known here, but those who did not know him feel keenly the blow of his death, though not unexpected. He was a man of fine mind, highly cultured and fully informed. He had traveled extensively in this country and Europe, and his range of experience was wide. He was gentle, kind and noble—a thoroughly good and finely able man—a husband and father and citizen of priceless worth.

"Mr. Strunk's immediate family consisted only of his wife and one son, Arthur Strunk. Mrs. Strunk of course was with her husband always and his son left his business in Minnesota as soon as his father began to fail and stayed with him to the end.

"Frank Strunk and John Strunk of

this city, are brothers of the deceased, and the former will administer on his estate in this county, valued at about \$10,000."

Fred Richardson.

Fred Richardson, who has been very ill with rheumatism, for some time past, died this afternoon.

## BEST GETS \$12,500 FROM THE COMPANY

### WINS THE SUIT AGAINST "BIG FOUR" RAILROAD.

Dispatch to His Attorneys, Winans & Russell and Ruger & Norcross, Announces the Finding of the Jury in Judge Goggin's Court at Chicago.

Clifford P. Best won his suit against the "Big Four" railway at Chicago, and the jury placed his damages at \$12,500.

Best sued to recover damages for the loss of his leg about three years ago. At the time of the accident, he was riding in the catoose of a freight train on the defendant's line enroute from Cincinnati, Ohio, to Indianapolis, Indiana. At Brookfield, Indiana, the train was wrecked and Best's leg was so crushed that amputation was necessary. He then brought suit for damages and the case was tried before Judge Goggin at Chicago. The company raised the point of law that at the time the collision occurred, Best had not paid his fare, he was not legally a passenger.

#### Given To The Jury.

Judge Goggin held that nevertheless, Best was entitled to the protection of the road and that it was negligence on the part of the conductor because Best had not paid fare, and refused to take the case away from the jury. Further arguments were heard and the case was given the jury at 5 o'clock last evening with instructions to return a sealed verdict. When court was opened this morning, the verdict was returned, and opened. It found for the plaintiff and fixed his damages at \$12,500.

Winans & Russell and Ruger & Norcross were Mr. Best's attorneys. They returned from Chicago last night, and a telegram to them announced the verdict of the jury.

## BUILD NEW BRIDGE TO COST \$40,000

### C. & N. W. RAILROAD BEGINS THE WORK.

Iron Structure at Monterey Is Too Light, Since the Heavy Engines and Cars Have Been Introduced, and It Will Be Replaced at Once.

A new \$40,000 iron bridge will soon span Rock river at Monterey, and will be erected by the Chicago & Northwestern railroad company.

The present iron structure has stood the test for a number of years, but since the introduction of the ponderous engines that are now in use, it is not considered strong enough.

Civil engineers were recently sent here from Chicago and reported to headquarters that a new structure was needed. The result was that the Northwestern has decided to make the change in spite of the fact that it requires a small fortune. Workmen are now engaged in erecting a temporary wooden structure which will be used while the old iron work is being removed, and piles for the foundation are now being driven.

The iron work for the new bridge is now being made in Chicago. W. H. Finley of Chicago, a bridge building engineer, will have charge of the work, and it is expected that it will take at least two months.

## The Kodet....

The Kodet was especially designed for those who want a glass plate camera which can be easily adapted to use with roll films, but do not care to invest in an expensive instrument. The Kodets are made in two styles, the Regular and Folding.

They are as compact and complete as any glass plate hand camera made, and by the addition of a roll holder are immediately convertible into film cameras with a capacity of 12 exposures. They roll holders are not trappy attachments, but when in use are carried inside of the camera and completely out of the way. They are interchangeable with our plate holders, and as they are provided with a dark slide the change from plates to films can be made as readily in the field as the change from one plate holder to another.

The Kodets of either style are focused either with the index or on the ground glass, and will carry three double plate holders or a roll holder in the space in the back.

A Kodet for using plates costs \$12.00. We would be pleased to show you one.

### The Judge Laughed Last.

A funny story is going the rounds, in which the chief actors were one of the judges of the high court and a well-known barrister. During the hearing of a case the judge left his seat to look for a law book, and for a few minutes was hidden by the screen. Just as he disappeared from view the barrister hurried into court, and seeing the vacant chair, remarked in a loud tone, with characteristic testiness:

"What—is the old fool gone to lunch—on?"

To his chagrin, the judge popped his head round the screen, and with a smile that was childlike and bland, replied: "No—he has not gone yet!"—London Tit Bits.

### Drawing the Line.

"I suppose you will support the bride on her way up the aisle?"

It was the bridegroom-elect who asked the question. He was discussing the details of the ceremony with his father-in-law elect. The latter replied:

"Yes, I suppose I shall have to do that, but I want it distinctly understood that I cease supporting her the minute the ceremony is over; then it will be your turn."—Art in Dress.

### Approximate.

"When did that famous defense of the pass at Thermopylae take place?" asked Dolly Cumrox, who is studying the classics.

"I can't say," her father replied, "with any precision. I have a bad memory for dates. But it must have been since the interstate commerce commission was established."—Washington Star.

### A Poor Plan.

### SHAKERS AND DOCTORS TALK TOGETHER.

In his able work entitled "Longevity" published a few years ago, Dr. John Gardner, of England, predicts that a vegetable agent will yet be found that shall so retard those changes that bring about old age as to prolong human life much beyond its present limit.

Acting perhaps upon the impulse produced by this thought, many eminent physicians have called from time to time upon the Shakers of Mt. Lebanon to inquire of them concerning the secrets of medicinal plants, in which these sincere, simple-minded and God-fearing people are known to be wise and skillful beyond all other men.

The Shakers willingly told what they had learned, and in return received from their visitors much valuable information about disease; which they at once made practical use of. The most important point was that if a genuine and certain remedy could be found for indigestion and dyspepsia, and the ailments growing out of it, a long step would be taken in the right direction. Old age, said the physicians, begins in a failure of the digestion, and so do most diseases at any and all periods of life. The result of these consultations was the discovery by the Shakers, of the desired specific, made wholly from herbs, and now known as the Shaker Digestive Cordial. Its action is magical and worthy of its origin.

Where there is distress after eating, heart-burn, sick headache, bad taste in the mouth, biliousness, weakness, and weariness, cold hands and feet, aversion to food, nervousness, or any other symptom of dyspepsia, the Cordial will prove its curative virtues. Behind it is the reputation of a people who have never defrauded or deceived fellow men.

In order to test whether this remedy is adapted to your case, at practically no cost, you may procure a trial bottle for ten cents of almost any druggist.

## When a man owns

a blooded horse he is always careful of its health. He looks after its diet and is particular that the feeding shall be regular and right. While he is doing this it is likely as not that he is himself suffering from some disease or disorder.

When the trouble gets so bad that he cannot work, he will begin to give himself the cure he gave the horse at the start. Good pure, rich, red blood is the best insurance against disease of any kind. Almost all diseases come from impure or impoverished blood. Keep the blood pure and strong and disease can find no foothold.

That is the principle on which Doctor Pierce's Golden Medical Discovery works. It cleanses, purifies and enriches the blood, puts and keeps the whole body in perfect order; makes appetite good, digestion strong, assimilation perfect. It brings ruddy, virile health. It builds up solid, wholesome flesh (not fat) when, from any cause, reduced below the healthy standard.

The Chair—"The question now recurs on the adoption of the balance of the platform."

When the chair put the motion the convention seemed to vote "aye" with an almost universal voice, but on call for the "noes" perhaps a hundred voices were raised in the negative. When the little flutter of excitement died away the chair announced: "The ayes have it."

Senator Teller started to leave the platform and then he walked back and shook hands with Mr. Foraker. Then there followed a remarkable scene. This man who had renounced the republican party and was about to walk out of the convention hall was crowded on by a dozen men, who held out their hands to him. The senator shook hands with J. H. Manley of Maine, but he did it in a mechanical way. Then he forced his way down the stairway, closely followed by Mr. Cannon of Utah. As Mr. Teller and Mr. Cannon were moving down the aisle and came to where the Colorado banner was placed the Colorado men arose and began to move out toward the aisle. The convention then realized for the first time that the delegates actually would walk out.

## PRONUNCIAMENTO OF SILVERITES

Explanation of Their Bolt as Presented to the Convention.

Following is in part the explanation presented to the convention by the bolting silver delegates:

"In announcing the purpose asserted in this paper it is due to our constituents and to ourselves that there shall be a public showing of vindicating facts.

"The republican platform of 1892 affirmed that American people from tradition and interest favored bimetalism and demanded the use of both gold and silver as standard money. This was accepted by us as a declaration in behalf of the principle upon which rests the interest of every citizen and the safety of the United States.

"As the declaration of 1892 has been by a majority of the party construed to justify a single gold standard for our monetary basis, and as the recent trend of the official power of the party has been in that direction, we cannot but assume that the money plank of the new platform, being much more favorable to perpetuate gold monometallism, will be determinedly used in behalf of that idea.

"Accepting the flat of this conven-

tion as the present purpose of the party we withdraw from this convention to return our constituents the authority with which they invested us, believing that we have better discharged their trust by this action, which restores to them authority unsullied, than by giving cowardly and insincere indorsement to the greatest wrong ever wilfully attempted within the republican party—once redeemer of the people, but now about to become the oppressor unless providently restrained by the votes of free men."

This document was signed by Senators Teller of Colorado, Dubois of Idaho, Cannon of Utah, Congressman Hartman of Montana and Mr. Cleveland of Nevada, as the representatives of their respective states on the committee on resolutions.

## TOO MUCH LAUGHTER.

Curious Case of a Negro Which Is Now Exciting London's Specialists.

A case of insanity of a curious sort is just now exciting considerable interest among the medical fraternity of London, says an exchange. A negro was found the other day in a gentleman's house at Willesden and could give no account of himself because of severe fits of laughter which convulsed his frame. He was taken to the nearest workhouse and ever since then has done nothing but laugh.

He has not uttered a word in the interval, and what is his name or where he came from is unknown. He laughs continuously from morning till night and at meal times he swallows his food like lightning in order, apparently, that he may continue his fit of mirth with as little interruption as possible. When he goes to sleep his sides shake with laughter, and in the morning the moment he opens his eyes his capacious mouth opens, too, with a loud guffaw.

At first it was thought he had adopted this means to escape from being tried on the charge of attempted burglary, but the physicians who have examined him unite in pronouncing him insane, and say that his cure is doubtful. The chances are, it seems, that he will literally laugh himself to death.

This form of insanity, though rare, is not unknown to medical science, though the mania is generally of a transitory nature. There are several cases on record of grave personages, who had rarely been seen to smile, suddenly breaking into a habit of uncontrollable and contagious laughter. Dr. Clouston tells of a solid, prudent business man who one day startled his family by a fit of laughter which lasted so long and was so hilarious that every one in the room had to join in.

From time to time after that he would be seized in the church, in the train or in the streets, and whenever he started all who heard him would have to follow. It was the first symptoms of mania. Very soon delusions and the most outrageous conduct supervened and then—the asylum.

## Ladies' Special Tan and Black Shoes!

Scarcity of money, stories of hard times, rumors of harder times, makes us think that perhaps there are people who can't afford to buy footwear---at least they can't get the kind that cost them \$3.50, \$4.00 and \$5.00. We want to assure all these people that it is not necessary to make such expenditures.

**For \$2.50** we can give the ladies a shoe---either tan or black---that will give perfect satisfaction, both in wear and style.

**The Tan** is of the rich chocolate color, the pretty 20th Century last, sharp toe, and the make-up that is as tasty as any shoe made, none excepted.

**The Black** is the same only, of course, in color. We are making a specialty of \$2.50 ladies' shoes, and the lines we now show are nearer perfection in shoe making than many higher priced goods.

**IF IT IS NEW WE ARE SURE TO HAVE IT.**
